Dean Bruce, Bohdan Yard, Jon Elliott

**REGRETS:** Chris Clarke, Danielle Gillespie, Lee Nguy, Bob Wyatt

**GUESTS:**

**RECORDER:** Kathryn Derkach

**2020 MEETINGS:** May 27

## **1. Meeting Opening**

The Chair called the meeting to order at 9:03 a.m.

## **2. Matters for Decision**

### **2.1. Adoption of ASTM F2783-20**

It was noted at the March ARSC meeting that the new ASTM F2783-20 was published in May 2020. The Standard is subject to automatic adoption and comes in force on June 1, 2021.

There are limited changes to the Standard that include a few editorial fixes, the addition of a Reference Standard chart. The largest change is in Section 2.4 regarding man powered devices, wording is now more flexible and allows the AHJ to select which devices they are going to regulate.

Municipal Affairs has reviewed the Standard with AEDARSA and found that there is little to no impact on stakeholders. It was reported that AEDARSA supports the changes and will work with stakeholders to help manage the changes.

There was support from the sub-council to move forward with the automatic adoption of ASTM F2783-20.

## **3. Meeting Finalization**

### **3.1 Meeting Adjournment**

The meeting was adjourned at 9:17 a.m.
