
Background

Accredited agencies may become involved in various business arrangements. These arrangements may include providing safety services through sub-contracting whereby one accredited agency assists another accredited agency. Such sub-contracting arrangements may be established provided the authority to administer these services is in place.

Policy

1. One accredited agency shall be allowed to contract / sub-contract to another accredited agency without additional designations.
2. To qualify:
 - a. the contracting agency shall be accredited in the appropriate discipline; and
 - b. the sub-contracting agency shall be:
 - i. accredited in the appropriate discipline; and
 - ii. have Safety Codes Officers capable of administering the scope and level of the contracted work.
