

Plumbing & Gas Safety Codes Officer

Park Enterprises | Alberta Service Region

Park Enterprises is a trusted leader in permitting and inspection services across Alberta. As we continue to scale service delivery, we're seeking a highly skilled **Plumbing & Gas Safety Codes Officer** to support communities across **Calgary, Foothills and surrounding areas**. This role is mission-critical—your technical expertise directly protects public safety while elevating Park's reputation for excellence. Travel will be required within the designated service area.

The Opportunity

In this role, you'll ensure that plumbing and gas installations across Alberta meet all required safety codes, standards, and regulations. You'll review plans, issue permits, conduct site inspections, and provide expert guidance to homeowners, contractors, and designers. Your work ensures safe systems, prevents hazards, and supports compliance at every stage of construction.

Key Deliverables

- Conduct field inspections to verify compliance with all applicable codes, policies, and bylaws.
- Review construction plans and major project permits for accuracy and completeness.
- Issue private sewage permits and prepare clear conditions or notices when deficiencies arise.
- Follow up on outstanding conditions to ensure corrective action.
- Complete inspection reports, process documentation, and client communications with precision.
- Offer informed, professional guidance to contractors, designers, developers, and homeowners.
- Build strong stakeholder relationships that reinforce Park's trusted service quality.
- Contribute to ongoing process improvement and operational excellence.

What You Bring

- **Mandatory:** Plumbing Group A and Gas Group A certification (Alberta Safety Codes Council).
- **Preferred:** Plumbing Group B certification.
- Deep knowledge of the Alberta Safety Codes Act, Gas Protection Act, Plumbing National Code, and all relevant regulations.
- Robust understanding of plumbing and gas trade methods, materials, and systems—interior and exterior.
- Strong English communication skills; able to navigate complex code issues with tact and professionalism.
- Customer-centric thinking with the ability to translate technical concepts for diverse audiences.
- High personal accountability, integrity, punctuality, and professionalism.
- Strong time-management and the ability to prioritize in a fast-moving, multi-site environment.
- Proficiency with computers, tablets, and smartphones for inspections, reporting, and communication.
- Ability to work independently, remotely, and collaboratively.
- Resilience, adaptability, humility, and a continuous-learning mindset.
- Clean, professional appearance and a valid Alberta driver's licence.
- Sound judgment and absolute discretion in handling sensitive information.

Why Park Enterprises

We offer a competitive and comprehensive **compensation and benefits package**, a **company-provided vehicle**, and a culture built on professionalism, integrity, and service excellence. You'll join a team that empowers you to lead with expertise while supporting your growth and long-term career trajectory.
