The personal information you provide to Alberta Safety Codes Authority (ASCA) and the Safety Codes Council is authorized under section 4(c) of the Protection of Privacy Act. It is used to administer and deliver services within ASCA's scope under the Safety Codes Act, including certification, accreditation, training, program evaluation and planning, permit processing, compliance monitoring, investigations, and audits. Information may be shared with municipalities, contracted accredited agencies, or other regulatory or governmental bodies as authorized by legislation. ASCA may also disclose information in response to permit search requests associated with land transactions, environmental monitoring, or due diligence processes, including publishing business site addresses of regulated storage tanks. Contact information may also be used for the Safety Codes Council's annual survey. Questions may be directed to the Privacy Information Coordinator, Safety Codes Council, Suite 500, 10405 Jasper Avenue NW, Edmonton, Alberta T5J 3N4, privacy@safetycodes.ab.ca.
