Plumbing and Gas 2-Day Seminar (100104) - \$400

This interactive and hands-on mandatory seminar takes place yearly, depending on student interest.

To register, students must have completed the Introduction to the Safety Codes System. (Course ID 100179 - previously 100080), as well as one core Gas or Plumbing course. This course is a webinar day and we have a practical day for the practical we contact the students closed to inform the locations and dates in May 2024.

- **1-day webinar** 9:00 a.m. – 4:30 p.m.
