Safety Codes Council

Continuing Education Offerings

This schedule was last updated on Jan 02, 2024 and is subject to change. *For the most current course options and registration, go to https://councilconnect.safetycodes.ab.ca/eWeb/ and search for the course ID. Additionally, you can find Continuing Education opportunities on our website at www.safetycodes.ab.ca by clicking on 'SCO' → Continuing Education → Education Opportunities. All workshops mentioned below are worth 5 CE credits.*

Workshop: Variances – Gearing Up for Innovation and Safety (100187) - $25

This new interactive workshop provides knowledge and tools for anyone involved in the variance process – applicants, reviewers, and issuers. Through collaborative learning activities, participants will discuss the purpose and benefits of variances, explore the safety codes system and the intent of code, and will apply tools to navigate the variance process so they are confident applying for or reviewing and issuing variances.

- **Half-day webinar:** 1:30 – 4:30 p.m.

Dates	Location	Registration open	Facilitator
Mar 24, 2026	Webinar	Dec 24, 2025	Denis Burrell & Alex Morrison
Sep 16 2026	Webinar	May 16 2026	Denis Burrell & Alex Morrison

Permit Issuers Workshop (100180) - $25

This course is designed for non-Safety Codes Officer permit issuers. It deals with their responsibilities under the Safety Codes Act and Permit Regulation AR 204/2007. Permit Issuers training materials are also available as a free, self-paced online course, as well as a paid course including an advisor and final exam; please contact training@safetycodes.ab.ca for more information.

Workshop: Orders: Progressive Compliance Enforcement (100237) - $50

We have two options for this workshop one full day or two half mornings.

The learning objects:
Describe the purpose of an Order
Explain the progressive approach to non-compliance with an emphasis on education and communication
Identify when to issue an Order
Provide a high-level overview of steps for creating and issuing an Order
Provide the details for completing, and serving an Order for a variety of examples
Describe the key aspects of monitoring and following up on an Order
Explain the steps to take when Order is not complied with
